

# Old Boney Mountain **Culinary Experience**

Offer a culinary experience to the public and support a great cause!

You choose the date, time and the experience (such as a beer tasting/tour, 4 course meal, or wine tasting with wine education from the wine maker) and we will promote your Culinary Experience & promote your restaurant in our social media. All we ask is that you contribute 15% of the culinary experience proceeds to the cause!

We will point people from our website directly to your place of business to make a reservation for the experience. Our focus is to bring YOU business on your quiet hours and to let the community see what makes you awesome!

**This year our  
festival benefits:**
